

PRODUCT MANUAL

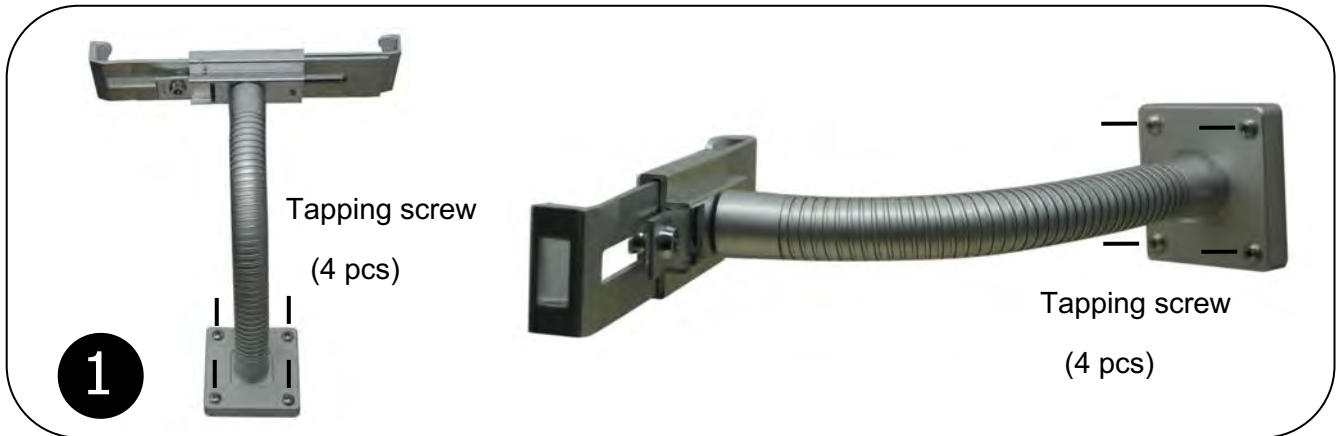

Product Name: Tablet PC Bracket - Mounted - on Desktop or wall model
Product Number: TODOESESCELULAR SGK

Package Contents

How to use the bracket:

1) Mounted the stand on the desktop or on the wall by using four tapping screws.

2) Adjust the holder position and let it on the horizontal position.

3) Put the Tablet PC into the holder vertically, adjust the movable clamping jaw to clamp the Tablet PC in the diagonal direction.

4) Push the lock catch on the holder back to catch the movable clamping jaw after the Tablet PC is clamped by the jaw and then turn the key to lock it.

5) To avoid the Tablet PC dropping, please make sure the Tablet PC has been clamped securely before adjust the angle you need.

How to use cable management
